

## **Elf On The Shelf**

From the day after Thanksgiving to Christmas Eve, the Center will be continuing its Christmas tradition of the “Elf on the Shelf”!

The small pixie-elf arrives each year after Thanksgiving. His sole responsibility is to watch the children’s behavior and report back to Santa each night.

The elf also happens to be quite mischievous! After reporting to Santa each night, the elf returns from the North Pole and causes all kinds of trouble at the Center. He then rests in a new and different place from the day before.

The children love to arrive at the Center each morning and race each other to spy the elf in his new hiding place. They can’t wait to see what mischief he had caused the night before.
